

On Feb 15, 2016 all pupils and teachers in primary classes year 4 participated in the KIVA project “Kick-Off”.

A group of students from secondary year 6 also participated with thoughtful and well prepared presentations and “role play”, that kept their younger audience on the edge of their seats.

We are very grateful to all the teachers and students involved who made this both an informative and enjoyable event!

For more information please see the *Information letter* that was sent to parents
