ET BONNE ANNÉE**

**BUON NATALE
E FELICE ANNO NUOVO**

**FELIZ NAVIDAD
Y UN PRÓSPERO AÑO NUEVO**

Dear ESF School Community,

As we approach the Winter holidays and festive gatherings, I would like to share a key initiative that will enhance our communication:

To keep you informed about school developments, including updates on our plans, construction projects, and other key matters, we will launch a concise newsletter. This will provide clear, valuable updates while respecting your time. We also plan a cyclical newsletter offering brief insights into school activities. Your input on topics is warmly welcomed as we refine this communication.

Interim-Solution Project on Current Premises

To address immediate space needs, a temporary school building, the "Interim-Solution," will be built on the current "red pitch." This facility, serving primary and secondary students, will feature classrooms, specialized spaces, and functional areas. Construction preparation begins on April 7, 2025, with completion by the beginning of the school year 2026/2027.

Progress Towards a New School Campus

On November 19, 2024, a second Steering Committee meeting discussed solutions for a new ESF campus and interim measures. The 'Festplatz am Ratsweg' is still planned as the new location, and, provided that all studies have been successfully completed, an administrative agreement is expected within the first six months of 2025. The necessary processes for the new building could then begin.

New board of the Parents' Association

We congratulate the newly elected Board and look forward to continuing the good cooperation with the President, Mr Bowles and the Vice-President, Ms Farkas, as well as all Board members and parent representatives. We would like to thank Dr Boros, Mr Cosgun and all previous board members for their valuable support.

The festive end of the year is our Christmas Concert today. We wish you a happy festive season and all the best for 2025.

Kind regards,

Anastazija Avsec
Director
