Dear students,  
dear teachers and staff,  
dear parents,

I am very happy to welcome you today as the new Director of the European School Frankfurt.

Last week, Mr Patscheider already introduced you to the new management team and I would like to thank him most sincerely for his work and, above all, for the detailed and professional handover, which will ensure a smooth transition. I also would like to take this opportunity to wish him all the best for this new chapter in his life.

With two decades of experience in school management, I am excited about the opportunity to work with the management team and the entire school community to contribute to the continued success and development of the European School Frankfurt.

I continually strive to expand my knowledge and use the skills I have acquired to further develop and improve our organisation. It is a great pleasure for me to follow and support the positive effects on the school community and its development.

The school year 2024/25 has already started. As in previous years, the routines of everyday school life and a document for parents and pupils are published on the website, here you will find answers to your first questions.

To ensure a transparent communication the ESF Management Team will keep you regularly informed about the daily school life and developments at the European School Frankfurt.

I look forward to working with you and wish all pupils, teachers, staff and parents at the ESF a successful and prosperous school year 2024/25.

Yours sincerely,

Anastazija Avsec  
Director
