

Opening Hours:

Mon + Tue 7:30 – 17:00 hrs

Wed + Thu 7:30 – 16:30 hrs

Fri 7:30 – 15:00 hrs

School Accident

Pupils involved in an accident during regular school hours, during school events and on their way to school are insured by the professional association of the **Unfallkasse Hessen** (see the following link): <https://www.ukh.de/startseite>

In the event of an accident which requires medical care, you are requested to inform the doctor that this is a school accident and the Unfallkasse Hessen then covers for the expenses.

For orthopedic treatments, please see an accident insurance consultant (Durchgangsarzt) or go to emergency service at a municipal hospital. Accident insurance consultants are appointed by the regional associations of Trade Associations Specialists (Landesverbände der gewerblichen Berufsgenossenschaften) and are specialized in surgery and orthopedics with specialist knowledge and experience in the entire field of emergency/accident medicine.

A list of accident insurance consultants near you can be obtained from us or also see:

<https://www.ukh.de/informationen/durchgangsaerzte/>

We would like to point out that private bills may not be fully reimbursed, but only the specified rate of the accident insurance company. You would then have to settle the rest with your private insurance.

If you need to see a dentist, please make sure that the dentist holds a license with a health insurance company (Kassenzulassung).
